We are a TEAM

Objectives:

- Getting to know teammates
- Respecting teammates
- Understanding different skills and contributions

Materials:

- Small pieces of paper (or sticky notes)
- Glue sticks (if you did not use sticky notes)
- 4 large sheets of paper

Setup:

- Leave materials on the table
- Each student should be given 2-4 sticky notes

Instructions to Team:

Write a compliment about someone else on your team. When you are done, spell out the word TEAM. Make sure everyone has a compliment - even coaches and mentors.

Notes:

This is a good activity for towards the end of the season, once students know each other.

At the end, take turns reading the compliments out - read out at least one per person on the team.
